## **DETAILED ACTION**

## Allowable Subject Matter

- 1. Claims 1-15 are allowed.
- 2. The following is an examiner's statement of reasons for allowance:

Re claim 1, the independent claim includes "a receiving device, which has a recess for adjustably receiving the feeder device; and a testing standard for testing the calibration, which is located on the receiving device, such that the roughness sensor, in one position of the feeder device, is held in a measuring position and in another position of the feeder device, is held in a calibrating position." in combination with the remaining claim limitation is not taught and/or made obvious by the prior art. See remarks, pages 1-3, received on 9/26/07.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Conclusion

4. The prior art made of record and not relied upon is considered pertinent to the applicant's disclosure.

The following patents are cited to further show the state of art with respect to a roughness sensor (36a) having a sensor tip (36) for scanning a workpiece (22) and a feeder device (32,28) for moving the roughness sensor (36a):

U.S. Pat. No. (5,955,661) as to Samsavar et al.

Application/Control Number:

10/565,882

Art Unit: 2856

5. Any inquiry concerning this communication or earlier communications from the

examiner should be directed to Tamiko D. Bellamy whose telephone number is (571) 272-2190.

Page 3

The examiner can normally be reached on Monday - Friday 7:30 AM to 3:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's

supervisor, Hezron Williams can be reached on (571) 272-2208. The fax phone number for the

organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent

Application Information Retrieval (PAIR) system. Status information for published applications

may be obtained from either Private PAIR or Public PAIR. Status information for unpublished

applications is available through Private PAIR only. For more information about the PAIR

system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR

system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would

like assistance from a USPTO Customer Service Representative or access to the automated

information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
